Course Description

This qualification reflects the role of workers participating in the design, implementation and evaluation of leisure, health activities and programs for clients in one or more sector areas. Workers may be in residential facilities and/or in community agencies and day centres, completing specialised tasks and functions in relation to leisure and health. While workers are responsible for their own outputs, work is carried out under direct or indirect supervision within defined organisation guidelines.

Entry Requirements

There are no entry requirements or prerequisites for this course.

Course Delivery/Duration

This qualification is acquired over a maximum of four terms. Participants attend face to face classes while also participating in teleconferences, online learning and on-the-job assessments. Alternative time frames can be organised for groups and self directed pathways for individual learners. Talk to us about **flexible learning** opportunities.
